ORAL ORDER

The petitioner has made grievance with regard to the plot adjoining to the petitioner's plot no. 114 having not been allotted to the petitioner although the petitioners applied for the same way back in the year 1988-89. The petitioners thereafter sent some reminders. On 12th July, 1992, the respondents informed the petitioner that on account of the prevailing policy of the corporation, it was not possible to allot green space adjoining the petitioner's plot no. 115. The petitioner has now expressed apprehension that the adjoining plot reserved for green space is either allotted or is attempted to be allotted to some one else. The petitioner may point out and bring to the notice of the Corporation such facts by making appropriate representation. This petition, however, cannot be entertained. Same is, therefore, rejected accordingly.
